Thesis Project Title:

Thesis Project Abstract (no more than 100 words):

Expected commencement date:

Expected completion date:

Total funds for which you are applying:

1.

Outline:

In no more space than this box, please provide a thesis abstract, including primary research aims and how these relate to your thesis. A brief discussion on methods and literature should also be included:

2.

Outcomes:

Please explain within 300 words the projected research outcomes, such as funding to assist fieldwork or resources not covered elsewhere, access to material items held by the Berndt Museum, production of electronic images, etc.

3.

Ethics, Research Protocol and Confidentiality

The Berndt Foundation is concerned with matters such as confidentiality, the privacy of individuals about whom notes or images might be in the Museum Collection, and undertaking research in accordance with certain protocols, for instance as required by the Australian Institute of Aboriginal and Islander Studies (<http://www.aiatsis.com>).

You *MUST* provide a copy of your approved ethics clearance from your own institution of affiliation.

You may wish to discuss whether confidentiality issues might arise in your project, how you will protect and manage the personal privacy of individuals, and any issues that might occur if given access to restricted data (use an additional page if required):

4.

Budget:

Please calculate and itemise in the box below a budget for the proposed research, e.g. travel, accommodation, subsistence, computer support, honoraria, etc. You must justify each item (use an additional page if required).

5.

Referee's Report:

It is your responsibility to approach two Referees with your application and to ensure that the Foundation Committee receives their reports by the due date. Ideally, one of your Referees will be a thesis supervisor.

Signature of Applicant:
